

# Bioethics at Yale University

[bioethics.yale.edu/programs](http://bioethics.yale.edu/programs)

Yale's Interdisciplinary Center for Bioethics offers programs for professionals & students. Recent participants state:

*"This is a program like none other... Truly incredible!"*

*"This was simply the best investment to help me fine-tune my career choices."*

*"The diversity of participants and the engaging faculty made this experience truly unforgettable."*

## Short Programs (ACCMES Available)

- Topics are explored through lectures, case studies, and small-group break-out sessions.
- To request a slot, please send 3-5 sentences describing your interest to [Lori.Bruce@Yale.edu](mailto:Lori.Bruce@Yale.edu)

### Clinical Ethics Training (1-day program - Friday, January 25, 2019)

- Rates TBD;
- Intended for professionals who are interested in ethics as it relates to the clinical setting. Preference given to members of ethics committees. Co-sponsored with the Program for Biomedical Ethics at the School of Medicine

### Foundations of Bioethics (4-day Program - June 11-14, 2019)

- \$600 students, \$800 young professionals, \$1,200 advanced professionals;
- Intended for students & professionals who are interested in ethics relating to medicine, research, technology, policy, public health, and law.

## Summer Institute in Bioethics (7-week intensive from June 10 - July 27, 2019)

- \$1,975 undergrads, \$2,375 grad students, \$2,525 young professionals, \$3,400 adv. Professionals
- Applications encouraged by **Dec. 15**, but rolling admissions will continue **through the spring**

Now in its 14<sup>th</sup> year, and intended for undergrads through professionals, the Summer Institute is known for its engaging and approachable faculty, enthusiastic alumni network, & opportunities to network with faculty and participants from all over the globe. Choose from over twenty small, intensive seminars (on topics including neuroethics, law, moral reasoning, technology, social justice, global health, end-of-life care, and animal ethics), bioethics movie nights, and some events in Spanish or French for native speakers). Visit the esteemed Hastings Center & present a poster at Yale School of Medicine. This program may serve as the launching ground to a rewarding career in bioethics; recent alums of the Summer Institute have presented their work at bioethics conferences at Oxford, UNESCO, and the American Society of Bioethics.
